

**DELHI MODERN PUBLIC SCHOOL, PAMPORE.**

**Class: 3<sup>rd</sup>**

**Subject: English**

**Study Material: Term-I**

**Lesson no. 6**

**Topic: I Love My Baby**

**INTRODUCTION:-** In this lesson you will learn that how animal parents takes care of their young ones. We all know that our parents are our roots that support us at the base. Our existence without them is impossible . As there can be no present without the past, similarly , the young cannot have their being without parents. It's important to remember humans aren't the only ones who take extraordinary steps to protect , nurture and raise their young . Animals also take the time to teach their babies how to find food and protect themselves against the enemies.

**Day1:**

Read half the lesson and underline the difficult words and learn them.

**Day 2:**

Read the rest portion of the lesson and again underline the difficult words and learn them.
